## THE VOICES OF THE AFRICAN PEOPLE

1. **We, the people of Africa and her Diaspora**, united in diversity, young and old, men and women, girls and boys from all walks of life, deeply conscious of history, express our deep appreciation to all generations of Pan-Africanists. In particular, to the founders of the Organisation of African Unity for having bequeathed us an Africa with exemplary successes in the fight against slavery, colonialism and apartheid. Agenda 2063, rooted in Pan Africanism and African Renaissance, provides a robust framework for addressing past injustices and the realisation of the 21st Century as the African Century.
2. **We echo** the Pan-African call that Africa must unite in order to realize its Renaissance. Present generations are confident that the destiny of Africa is in their hands, and that they must act now to shape the future they want. Fifty years after the first thirty-three (33) independent African states took a landmark decision to form the Organization of African Unity, we are looking ahead towards the next fifty years.
3. **In this new and noble initiative**, past plans and commitments have been reviewed, and we pledge to take into account lessons from them as we implement Agenda 2063. These include: mobilization of the people and their ownership of continental programmes at the core; the principle of self-reliance and Africa financing its own development; the importance of capable, inclusive and accountable states and institutions at all levels and in all spheres; the critical role of Regional Economic Communities as building blocks for continental unity; taking into account of the special challenges faced by both island and land-locked states; and holding ourselves and our governments and institutions accountable for results. Agenda 2063 will not happen spontaneously, it will require conscious and deliberate efforts to nurture a transformative leadership that will drive the agenda and defend Africa's interests.
4. **We rededicate** ourselves to the enduring Pan African vision of *"an integrated, prosperous and peaceful Africa, driven by its own citizens and representing a dynamic force in the international arena."*

## AFRICAN ASPIRATIONS FOR 2063

5. Our united voices paint a picture of what we desire for ourselves, for future generations and the continent.
6. The aspirations reflect our desire for shared prosperity and well-being, for unity and integration, for a continent of free citizens and expanded horizons, where the full potential of women and youth, boys and girls are realized, and with freedom from fear, disease and want.

7. Africa is self-confident in its identity, heritage, culture and shared values and as a strong, united and influential partner on the global stage making its contribution to peace, human progress, peaceful co-existence and welfare. In short, a different and better Africa.
8. We are confident that Africa has the capability to realise her full potential in development, culture and peace and to establish flourishing, inclusive and prosperous societies. We thus, commit to act together towards achieving the following aspirations:

12. Africa's collective GDP will be proportionate to her share of the world's population and natural resource endowments.
13. Africa's agriculture will be modern and productive, using science, technology, innovation and indigenous knowledge. The hand hoe will be banished by 2025 and the sector will be modern, profitable and attractive to the continent's youths and women.
14. Africa's human capital will be fully developed as its most precious resource, through sustained investments based on universal early childhood development and basic education, and sustained investments in higher education, science, technology, research and innovation, and the elimination of gender disparities at all levels of education. Access to post-graduate education will be expanded and strengthened to ensure world-class infrastructure for learning and research and support scientific reforms that underpin the transformation of the continent.

Africa's share of global trade shall rise from 2% to 12%. This will in turn spur the growth of Pan-African companies of global reach in all sectors.

### **ASPIRATION 3. An Africa of good governance, democracy, respect for human rights, justice and the rule of law**

27. Africa shall have a universal culture of good governance, democratic values, gender equality, respect for human rights, justice and the rule of law.

  - An entrenched and flourishing culture of human rights, democracy, gender equality, inclusion and peace;
  - Prosperity, security and safety for all citizens; and
  - Mechanisms to promote and defend the continent's collective security and interests.
35. We recognize that a prosperous, integrated and united Africa, based on good governance, democracy, social inclusion and respect for human rights, justice and the rule of law are the necessary pre-conditions for a peaceful and conflict-free continent.

  - Our diversity in culture, heritage, languages and religion shall be a cause of strength, including the tangible and intangible heritage of Africa's island states.
42. Pan-African ideals will be fully embedded in all school curricula and Pan-African cultural assets (heritage, folklore, languages, film, music, theatre, literature, festivals, religions and spirituality.) will be enhanced. The African creative arts and industries will be celebrated throughout the continent, as well as, in the diaspora and contribute significantly to self-awareness, well-being and prosperity, and to world culture and heritage. African languages will be the basis for administration and integration. African values of family, community, hard work, merit, mutual respect and social cohesion will be firmly entrenched.
43. Africa's stolen culture, heritage and artefacts will be fully repatriated and safeguarded.

44. Culture, heritage and a common identity and destiny will be the centre of all our strategies so as to facilitate a Pan-African approach and the African Renaissance.
45. Africa's women and youth shall play an important role as drivers of change. Inter-generational dialogue will ensure that Africa is a continent that adapts to social and cultural change.
46. Africa is a continent of people with religious and spiritual beliefs, which play a profound role in the construction of the African identity and social interaction. The continent will continue to vehemently oppose all forms of politicization of religion and religious extremism.

The creativity, energy and innovation of Africa's youth shall be the driving force behind the continent's political, social, cultural and economic transformation.

## **ASPIRATION 7: Africa as a strong, united, resilient and influential global player and partner and partner**

59. Africa shall be a strong, united, resilient, peaceful and influential global player and partner with a significant role in world affairs. We affirm the importance of African unity and solidarity in the face of continued external interference including, attempts to divide the continent and undue pressures and sanctions on some countries.

60. We aspire that by 2063, Africa shall be:

- A major social, political and economic force in the world, with her rightful share of the global commons (land, oceans and space);
- An active and equal participant in global affairs, multilateral institutions, and a driver for peaceful co-existence, tolerance and a sustainable and just world; and
- Fully capable and have the means to finance her development.

61. Africa will take her rightful place in the political, security, economic, and social systems of global governance towards the realization of its Renaissance, establishing Africa as a leading continent. We undertake to continue the global struggle against all forms of exploitation, racism and discrimination, xenophobia and related intolerances; to advance international cooperation that promotes and defends Africa's interests, and is mutually beneficial and aligned to our Pan-Africanist vision; to continue to speak with one voice and act collectively to promote our common interests and positions in the international arena.

62. Africa shall continue to advocate for the reform of the United Nations and other international institutions, with particular reference to the UN Security Council, in order to correct the historical injustice of Africa not being represented on the Council by a permanent seat.

63. Africa is on an upward trend and seeks mutually beneficial relations and partnerships with other regions and continents. It, therefore, looks at the nature of partnerships with a view to rationalizing them and enhancing the benefits to its transformation and integration efforts. We shall do so by strengthening our common perspectives on partnerships and by speaking with one voice on priorities and views on global matters.

## THE ASSEMBLY OF THE AFRICAN UNION

64. **We**, the Heads of State and Government of the African Union assembled for the 24th Ordinary Session of the Assembly of the Union in January 2015, Addis Ababa, Ethiopia;
65. Have taken note of the aspirations and determination of the African people expressed above, reiterate our full appreciation and commitment to these aspirations;
66. **Re-affirm** that Agenda 2063 builds on past achievements and challenges and takes into account the continental and global context and trends in which Africa is realizing its transformation, including:
  - a. *The Pan African vision and project*, which guided struggles of African people and their descendants against slavery, colonialism, apartheid and racial discrimination; the commitment of the founders of the Organization of African Unity (OAU) to self-determination, integration, solidarity and unity; and which today forms the backdrop for Africa's renaissance, transformation and integration.
  - b. *An African turning point*, starting at the turn of the millennium with our renewed determination to end wars and conflicts, to build shared prosperity, to integrate, to build responsive and democratic governance and to end the continent's marginalization through the transformation of the OAU into the African Union and the adoption of the New Partnership for Africa's Development (NEPAD). Thus Africa, over the last decade has experienced sustained levels of growth, greater peace and stability and positive movements on a number of human development indicators. We recognise that sustaining this path and pace, though positive, is not sufficient for Africa to catch up, hence the need for radical transformation at all levels and in all spheres. Africa must therefore, consolidate the positive turn around, using the opportunities of demographics, natural resources, urbanization, technology and trade as a springboard to ensure its transformation and renaissance to meet the people's aspirations.
  - c. *Lessons from global developmental experiences*, the significant advances by countries of the South to lift huge sections of their populations out of poverty, improve incomes and catalyse economic and social transformation. We are part of the global drive through the United Nations and other multilateral organisations to find multi-lateral approaches to humanity's most pressing concerns including human security and peace, the eradication of poverty,

hunger and disease, gender equality and climate change, as well as the Common African Position on the post-2015 Development Agenda.

- d. Learning from past and present African development efforts and challenges and forging an African-centred approach to transformation* which includes lessons from post-independence state and nation-building, industrialization and modernization efforts, the fight against disease, ignorance and poverty; and the push for integration, as captured in the OAU Charter, the Monrovia Declaration, the Lagos Plan of Action, the Abuja Treaty, the AU Constitutive Act and, NEPAD.
- e. People-centered development, gender equality and youth empowerment*, which place the African people at the centre of all *continental efforts, to ensure their participation in the transformation* of the continent, and to build caring and inclusive societies. No society can reach its full potential, unless it empowers women and youth and removes all obstacles to women's full participation in all areas of human endeavours. Africa must provide an enabling environment for its women, children and young people to flourish and reach their full potential.
- f. The changing global context*, and in our times the modern information revolution; globalization; changes in technology, production, trade, knowledge and labour markets; the opportunities presented by global demographic trends, urbanization and the growing global middle and working classes in the South; the move towards multi-polarity with strong elements of uni-polarism remaining, global security and the impact of climate change. Humanity today has the capacities, technology and know-how to ensure a decent standard of living and human security for all inhabitants of our earth. And yet children continue to die of preventable diseases; women continue to die whilst giving birth; hunger and malnutrition remain part of the human experience; and underdevelopment, fragility, marginalization and inequality between regions and countries and within countries persist.

**67. Stress** that Agenda 2063 is:

- Our endogenous plan for transformation. It harnesses the continent's comparative advantages such as its people, history and cultures; its natural resources; its position and repositioning in the world to effect equitable and people-centred social, economic and technological transformation and the eradication of poverty. It seeks to fulfil our obligation to our children as an inter-generational compact, to develop Africa's human capital; build social

assets, infrastructure and public goods; empower women and youth; promote lasting peace and security; build effective developmental states and participatory and accountable institutions of governance.

- Africa's vision and roadmap for sequencing our sectoral and normative, national, regional and continental plans into a coherent whole.
- A call to action to all Africans and people of African descent, to take personal responsibility for the destiny of the continent and as the primary agents of change and transformation.
- A commitment from citizens, leadership, governments and institutions at national, regional and continental levels to act, coordinate, and cooperate for the realization of this vision.

**68. Note that** Agenda 2063 builds on the pledges made through the 50th Anniversary Solemn Declaration.

**69. We are confident** that our peoples' aspirations and the dream of an Africa that is integrated, peaceful and prosperous is achievable, provided that we construct this future-based plan on actions taken now.

the Pan-African Parliament (PAP), Economic, Social and Cultural Council (ECOSOCC), STCs amongst others, to coordinate implementation, monitoring and evaluation at the continental level;

- Leveraging the strengths of collaborators and other strategic partners, such as the African Development Bank (AfDB), the UN Economic Commission for Africa (UNECA), the African Capacity Building Foundation (ACBF), the Association of African Public Services Commissions (AAPSC) amongst others to assist the AU institutions in playing their roles effectively; and
- Organising an annual stakeholder platform to review the progress of implementation of Agenda 2063 at the national, regional and continental levels and submitting the outcome of these deliberations in the form of Annual Agenda 2063 State of the Union Report to the Assembly of the African Union.

**73. *We are resolutely moving towards continental unity:*** the speeding up of the regional integration process is a critical success factor for shared prosperity and peace. Political unity of Africa will be the culmination of the integration process, including the free movement of people, the establishment of the continental institutions, and full economic integration. By 2030, there shall be consensus on the form of the continental government and institutions.

## CRITICAL ENABLERS FOR AFRICA'S TRANSFORMATION

**74.** The determination, participation, self-reliance and solidarity of Africa's peoples and leadership are preconditions for success and we therefore recognize the following as critical enablers of continental transformation:

- The People's ownership and mobilisation:*** The continuous mobilisation of the African people and the diaspora in various formations, effective communication and outreach, and sustained and inclusive social dialogue on Agenda 2063.
- African resources to finance its development:*** Looking inwards to mobilise African resources to finance and accelerate its transformation, integration, peace, security, infrastructure, industrialization, democratic governance and strengthen continental institutions.
- Accountable leadership and responsive institutions:*** Build visionary and accountable leadership, democratic and developmental governance and institutions, through robust and transparent planning, implementation, monitoring and evaluation mechanisms at all levels.

- d. Capable and democratic developmental states and institutions:* Revitalise African development planning capacities and rebuild career, professional and capable public services. Strengthen and transform regional and continental institutions and the manner in which we do business, so as to effectively lead and drive the agenda for transformation and integration.
  - e. Changed attitudes and mind-sets,* to rekindle and strengthen Pan-African values of self-reliance, solidarity, hard work and collective prosperity, and build on African successes, experiences and best practices to forge the African model of development and transformation.
  - f. A Pan-African perspective,* through solidarity, integration, implementation of our programmes and pooled sovereignty on critical issues of continental and global dimensions.
  - g. Ownership of the African narrative and brand to ensure that it* reflects continental realities, aspirations and priorities and Africa's position in the world.
  - h. African approach to development and transformation,* learning from the diverse, unique and shared experiences and best practices of various countries and regions as a basis of forging an African approach to transformation.
75. We reaffirm our pledge in the 50th Anniversary Solemn Declaration to immediately align and integrate Agenda 2063 in our national and regional development plans and ensure that we provide the AU Commission and other regional and continental institutions with the necessary capacities and resources to effectively drive the implementation of Agenda 2063.
76. We call upon the international community to respect Africa's vision and aspirations and to align their partnerships appropriately. In this regard, we reaffirm the Rio principles of common, but differentiated responsibilities, the right to development and equity, mutual accountability and responsibility and policy space for nationally tailored policies and programmes on the continent.
